

# Reflections Art Festival

Celebrating Artistic Vitality in Western Canada  
October 27 – 29, 2017 at Prairieland Park, Hall C

## Who we are

In 1986 The Saskatchewan Wildlife Art Association was created. We are a non-profit organization whose mandate is to introduce, celebrate and promote wildlife art and the artists who create it.

In 1990 we started our annual show which has grown to include divisions in photography, carving, sculpture, painting and drawing, for youth and adult divisions from beginners to professionals. This show is constantly evolving and now has categories for wildlife art, natural landscapes, domestic animals, fantasy art, digital art and non-realistic art.

Our competitive divisions draw hundreds of entries from across Western Canada, making this an exciting and inspiring event.

## Our Show

We start with a Gala Opening Reception on Friday evening. Meet the artists and participate in our Friday evening. Wine & cheese included.

Saturday and Sunday, the event is open to the public for viewing, participating in fun activities and learning through our workshops. Shop at the market trade show booths.

## Special Competitions & Awards

Opportunities are available to support a special competition as a purchase award or with a monetary prize. Or sponsor a memorial award in memory of your loved one. Be sure to explore these exciting options.
